Hamanaka | R1 reported-channel companion
Unstacked supplied dots; means and observed ranges only at full supplied n. × marks a held summary, not zero.
No biological inference. Four source labels per condition.

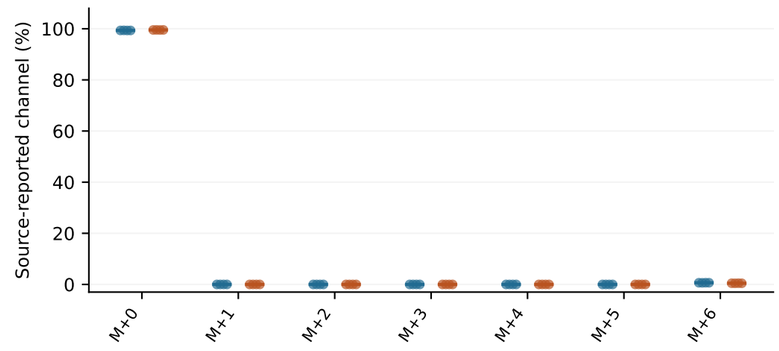

3B_Arginine | Arginine
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

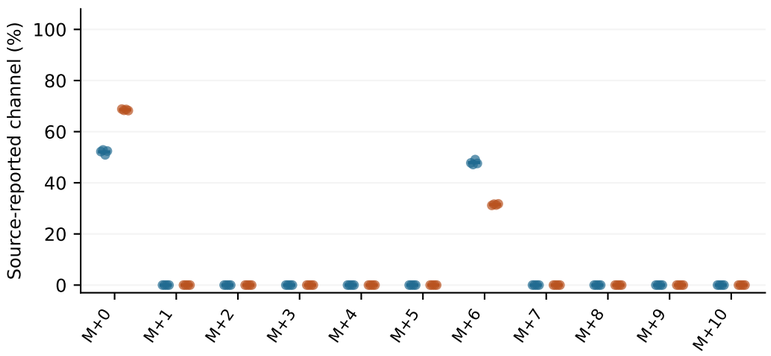

3B_Ornithine | Ornithine
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

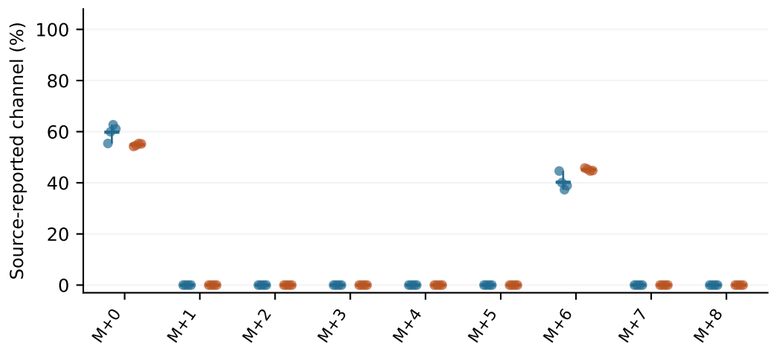

3B_Citrulline | Citrulline
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

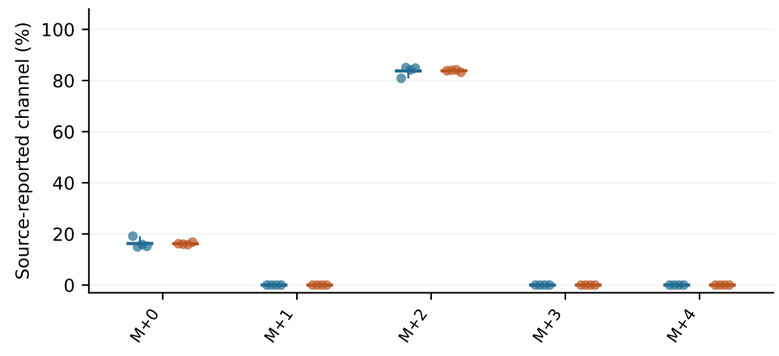

3B_Argininosuccinate | Argininosuccinate
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

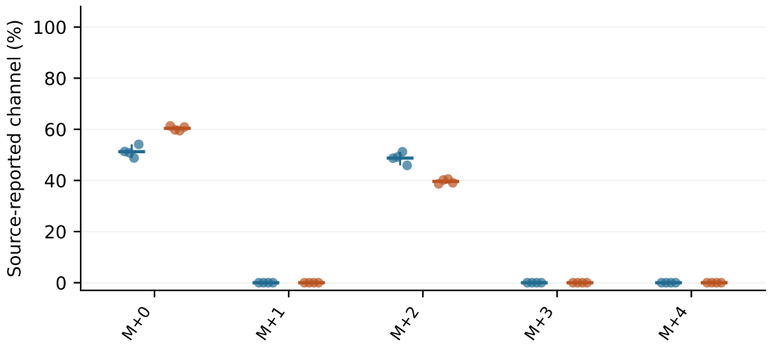

3B_Dimethylarginine | Dimethylarginine
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

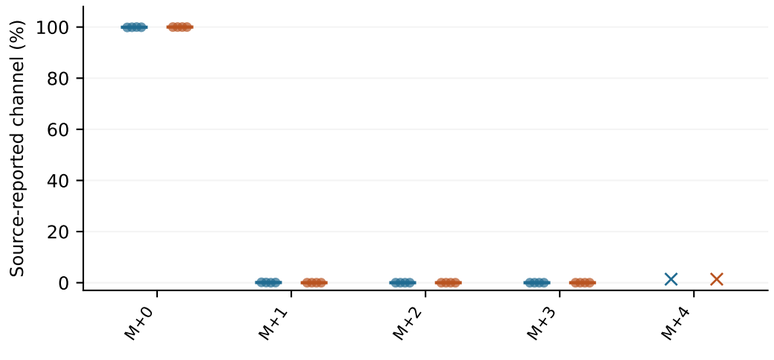

3D_Arginine | Arginine
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

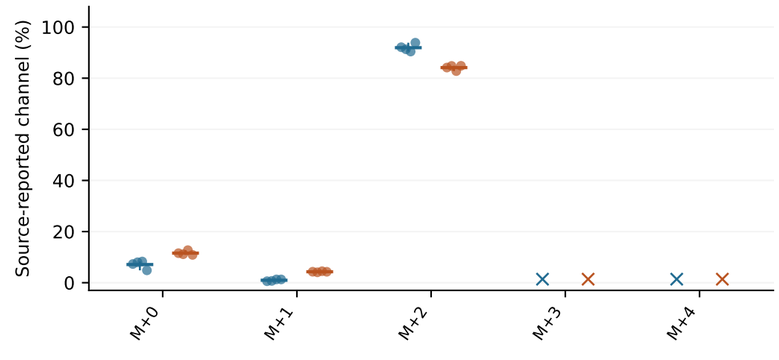

3D_Argininosuccinate | Argininosuccinate
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

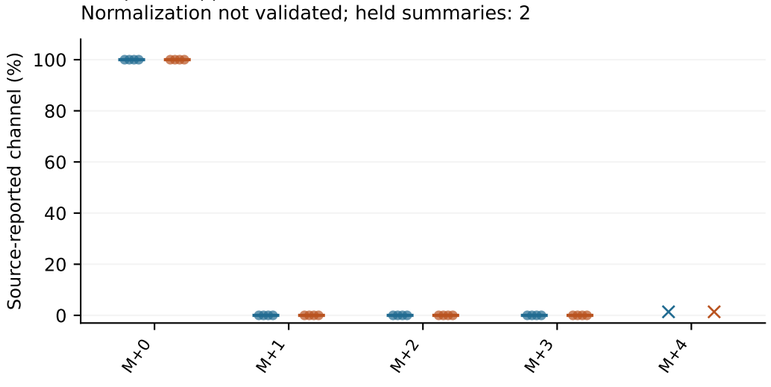

3D_Citrulline | Citrulline
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 2

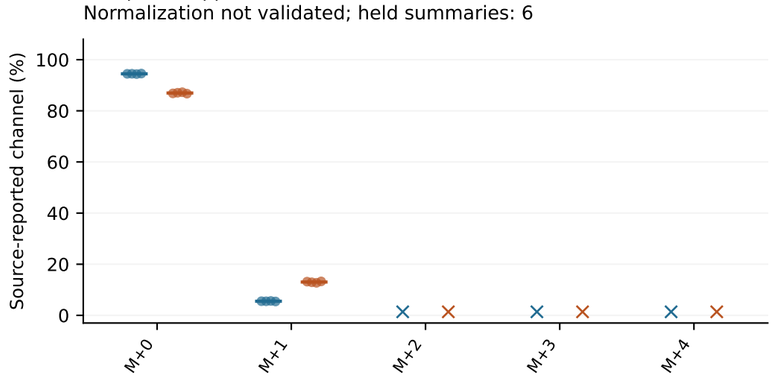

3H_Ornithine | Ornithine
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 4

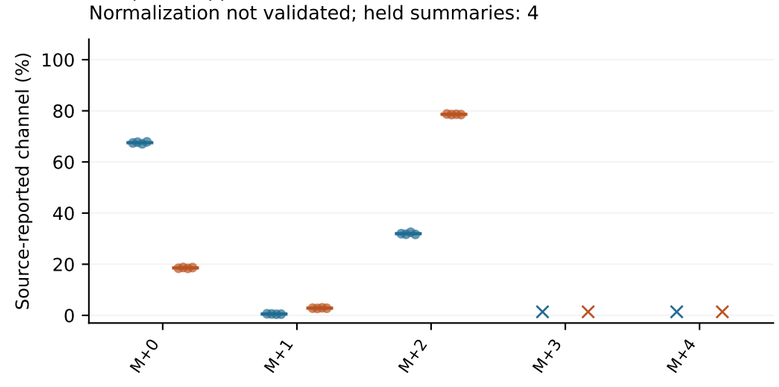

3H_Citrulline | Citrulline
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 2

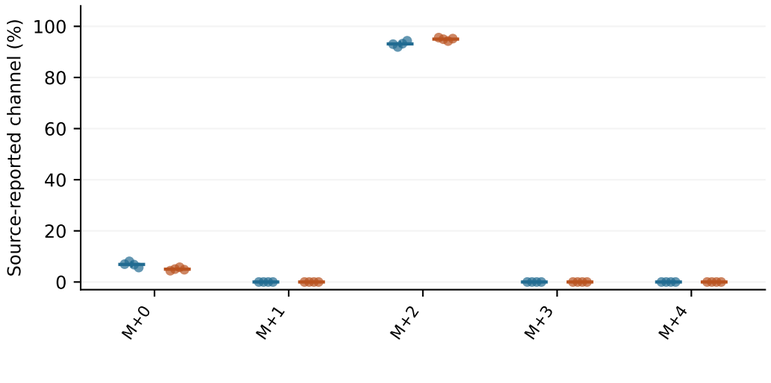

3H_Proline | Proline
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 6

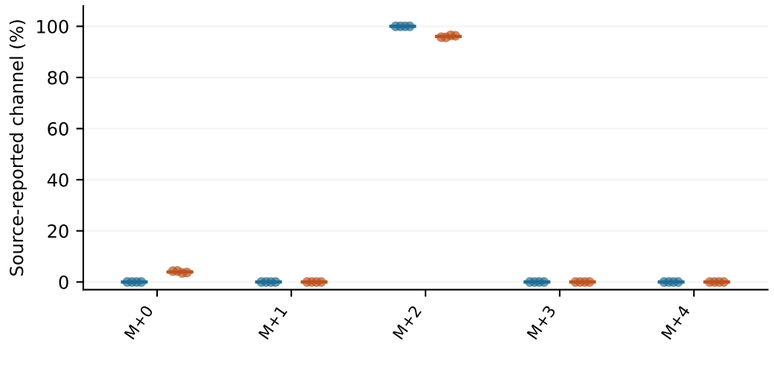

3H_Putrescine | Putrescine
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 4

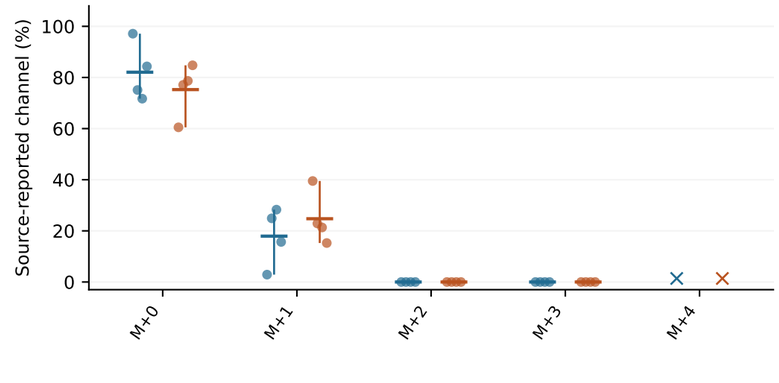

4D_Arginine | Arginine
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

4D_Argininosuccinate | Argininosuccinate
Complete supplied vectors: 8/8
Normalization not validated; held summaries: 0

4D_Citrulline | Citrulline
Complete supplied vectors: 0/8
Normalization not validated; held summaries: 2
