Hamanaka | R1 reported-channel companion
Unstacked supplied dots; means/ranges only at full supplied n. × = held summary, not zero. No biological inference.

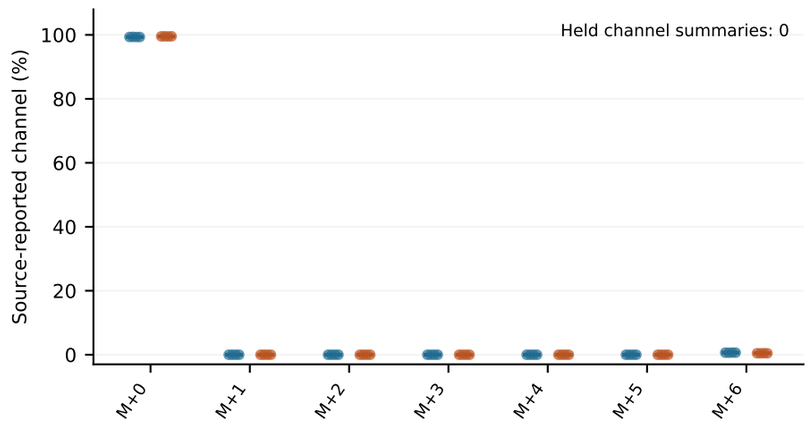

3B_Arginine | Arginine
Complete supplied vectors 8/8; normalization not validated

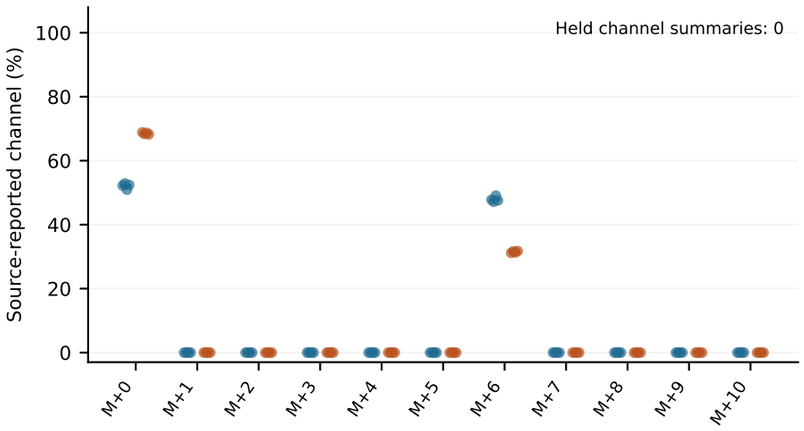

3B_Ornithine | Ornithine
Complete supplied vectors 8/8; normalization not validated

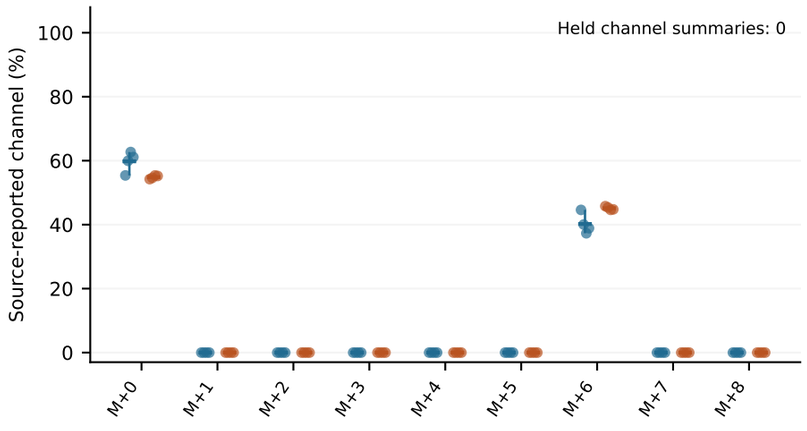

3B_Citrulline | Citrulline
Complete supplied vectors 8/8; normalization not validated

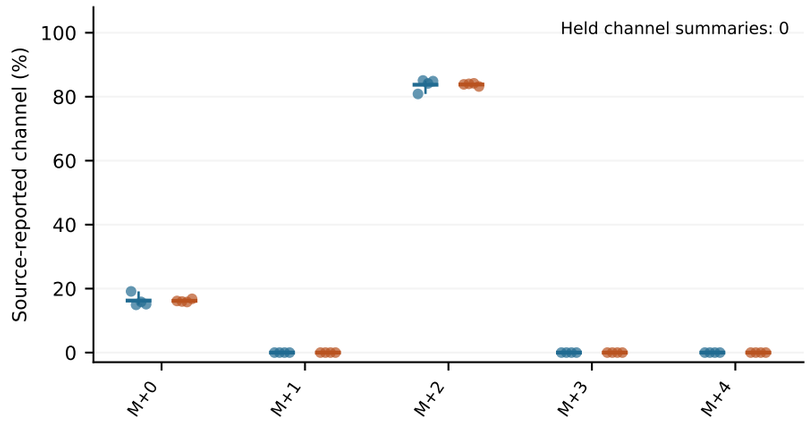

3B_Argininosuccinate | Argininosuccinate
Complete supplied vectors 8/8; normalization not validated

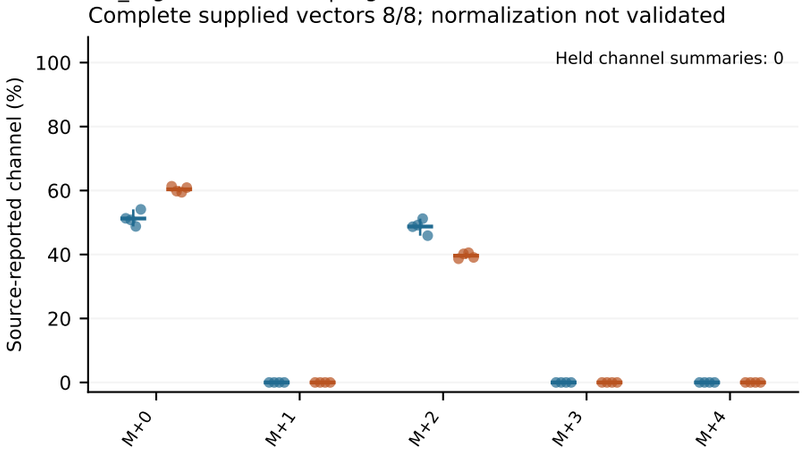

3B_Dimethylarginine | Dimethylarginine
Complete supplied vectors 8/8; normalization not validated

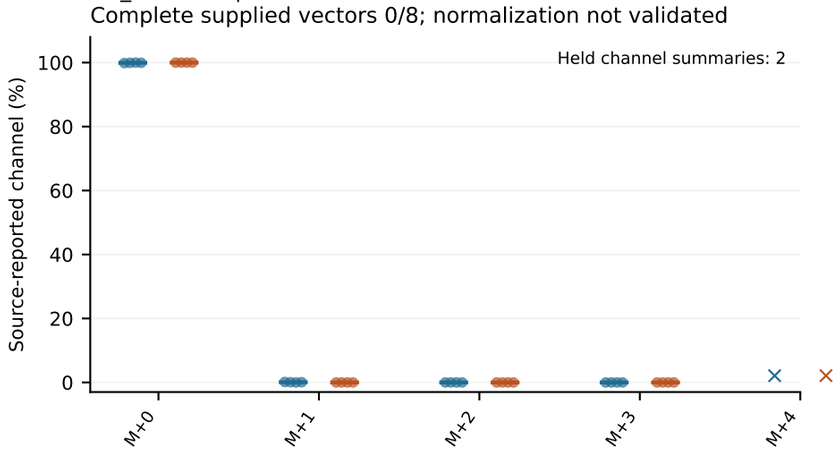

3D_Arginine | Arginine
Complete supplied vectors 8/8; normalization not validated

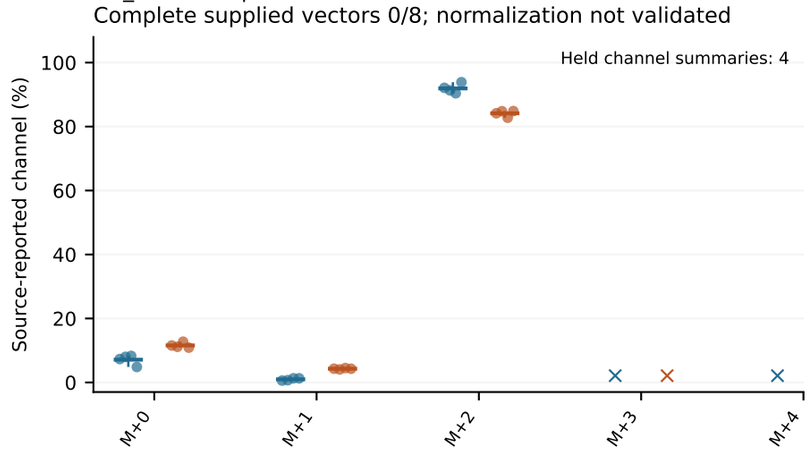

3D_Argininosuccinate | Argininosuccinate
Complete supplied vectors 8/8; normalization not validated

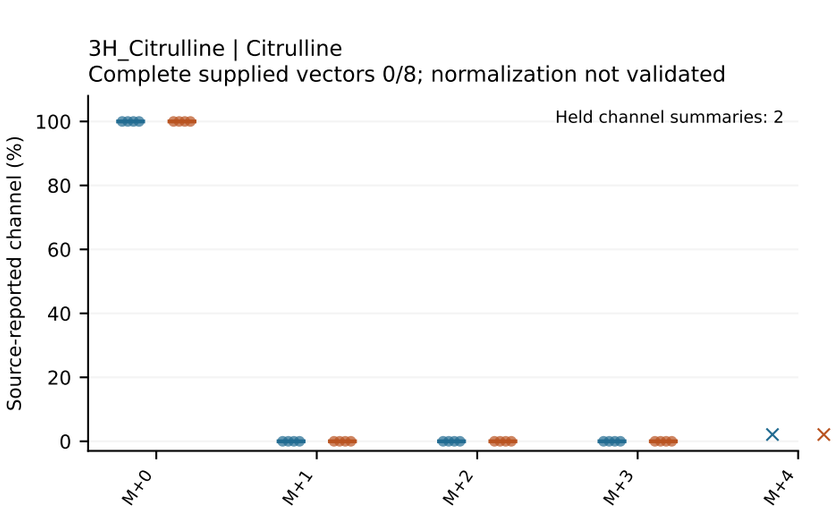

3D_Citrulline | Citrulline
Complete supplied vectors 0/8; normalization not validated

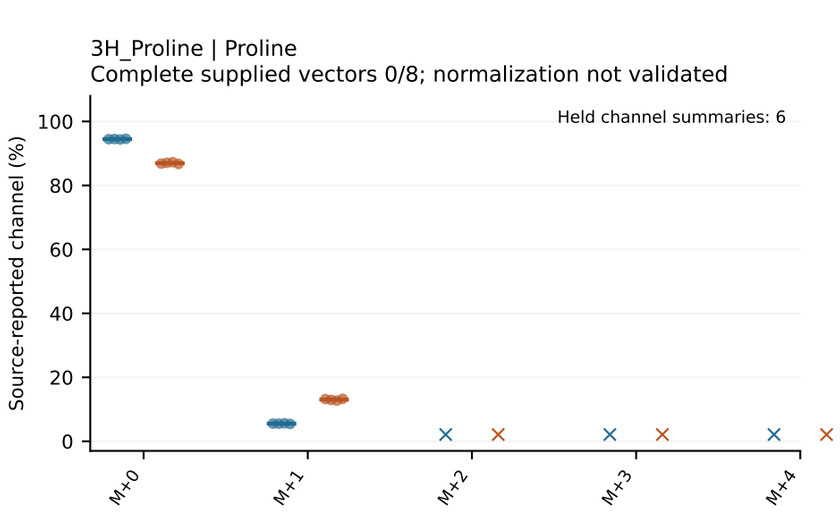

3H_Ornithine | Ornithine
Complete supplied vectors 0/8; normalization not validated

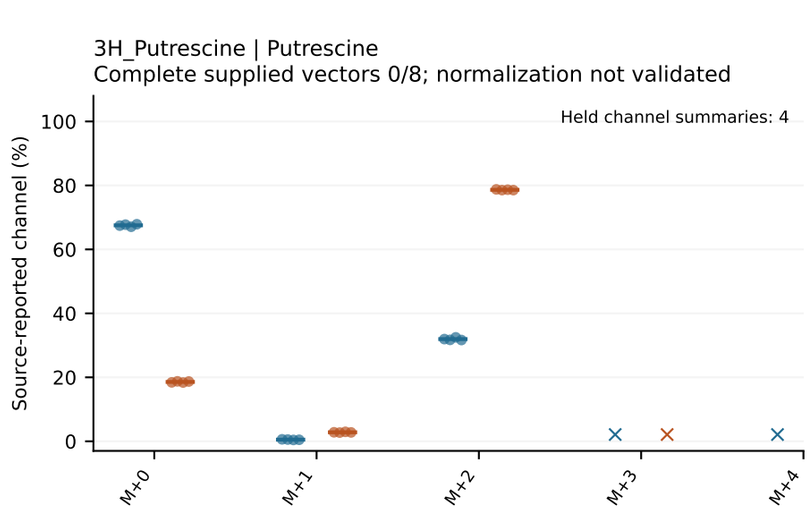

3H_Citrulline | Citrulline
Complete supplied vectors 0/8; normalization not validated

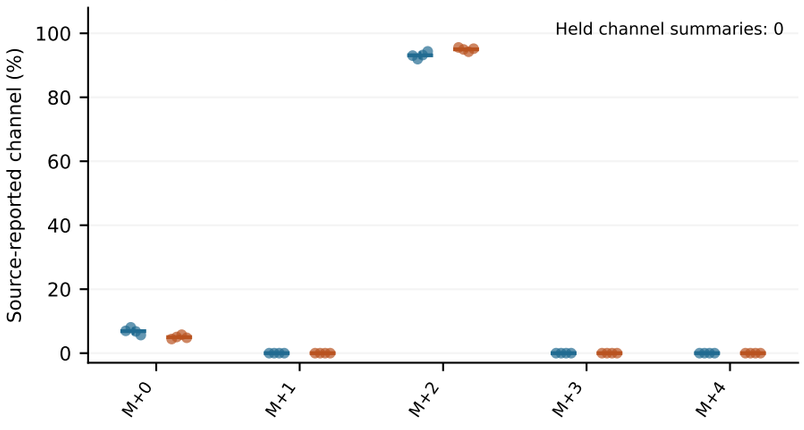

3H_Proline | Proline
Complete supplied vectors 0/8; normalization not validated

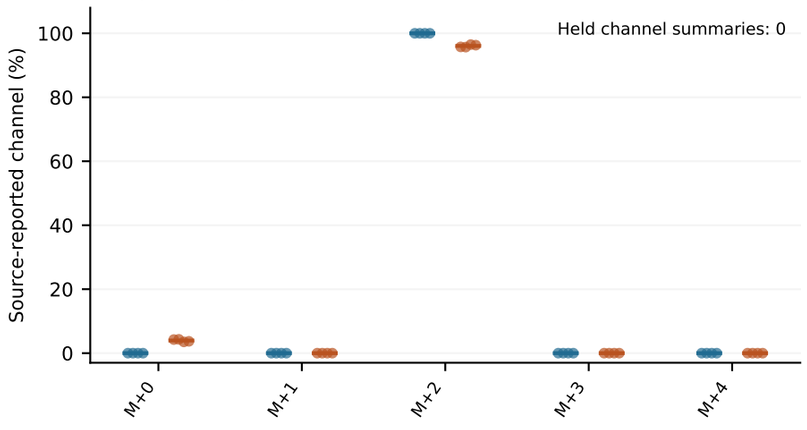

3H_Putrescine | Putrescine
Complete supplied vectors 0/8; normalization not validated

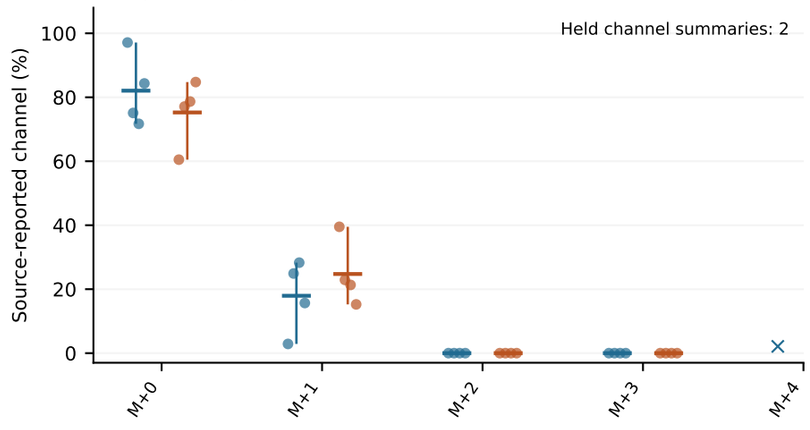

4D_Arginine | Arginine
Complete supplied vectors 8/8; normalization not validated

4D_Argininosuccinate | Argininosuccinate
Complete supplied vectors 8/8; normalization not validated

4D_Citrulline | Citrulline
Complete supplied vectors 0/8; normalization not validated
